

REMARKS

Applicants and the undersigned thank Examiners Sheleheda and Srivastava for the courtesies they extended to the undersigned during the interview of June 22, 2005. The remarks below, in conjunction with the Interview Summary, reflect what was discussed at the interview.

Applicants have amended independent claims 1, 4, and 13. These amendments are exemplified by the amendment to claim 1 which recites sensing viewer reaction input "during a sampling period based on a start trigger and a stop trigger." In the interview, it was agreed that none of the cited references disclose this feature.

Applicants respectfully submit that the subject matter of the independent claims as amended is neither disclosed nor suggested by the cited references, and hereby solicit an early Action allowing claims 1, 4, 13, and those dependent thereon.

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, Applicants petition for any required relief, including extensions of time, and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952, referencing docket no. 577172000200.

Dated: July 5, 2005

Respectfully submitted,
